

Payment system 2026/2027 studio The Hague

The new ballet season 2026/2027 starts on 25.08.26 and here you can find the payment system of our ballet school for the new academic year.

Please inform us how many times per week will your child attend ballet classes. If you want to change the number of lessons per week in the future, you can do it at any time during the year by informing us in advance (before 15th of the current month for the next calendar month) and the change can take place for the upcoming month.

If you want to cancel lessons temporary (for a month / half month / week/weeks in some month) for some important reason, please let us know about it in advance (before you receive the invoice for the upcoming month, so before 15th of each month) and the change in the invoice can take place for the upcoming month.

The invoices will be sent on 15th of each month for the next calendar month.
We kindly ask you not to be late with payment (the bill must be paid within 14 days after the date specified in the bill).

Please always make sure when you make payment that you specify the number and a month of the invoice and a name of your child.

- 1) **At the beginning of the academic year each student pays an administration fee 41,5 euros per school year** (-50% for the second child in the family, -75% for the third child). The administration fee will be added to the August/September invoice.
Students who start their education during the school year 2026/2027 will pay the administration fee with the first invoice (-50% for the second child in the family, -75% for the third child).
- 2) **Ballet school provides -50% discount for the education of the second child in the family and -75% discount for third child.**
- 3) **Payment system per month:**

******In case of illness of the student or missing classes for other reasons (excluding cases when the changes are agreed in advance, before 15th of the current month for the upcoming month / months), the payment for the month is not refundable. The student can compensate for missed classes by more frequent attendance on other days.***

Audition / trial lesson costs 10 euro group B / 12 euro group A (-50% discount for second child in a family, -75% for a third child).

Group C – adults, not professional level	
Lessons per week	Costs per lesson
1 lesson	Euro 16,5
10 lessons package	Euro 150 (-10% discount per lesson)
1 lesson for parents of our students	Euro 12,5 (-25% discount per lesson)

- 4) **Participation in our ballet performances and competitions** is not possible for most of all students with attendance only 1 time per week. But if the student works hard, she / he can sometimes participate in our ballet shows / competitions (if there are costumes enough).

For the students with attendance 2 times per week, participation in our ballet performances and competitions is possible, but not guaranteed, as only attending ballet lessons 3 or more times a week can contribute to the achievement of pre-professional/advanced level, necessary for high quality of our ballet performances and international competitions – according to international standards.

For students with attendance 3 times per week participation in our performances is guaranteed (but it will not be in each of our performances, as the number of students is growing, and a number of the costumes for each performance is limited, and a number of the performances too).

The choice of the roles for students is always up to the choreographer and teacher and depends on the level of skill of a child and other circumstances. Subscriptions of lessons with a minimum of 10 times a month are introduced to improve the professional level of school students, to achieve serious professional results, as well as to ensure that ballet performances in the Netherlands are held at a high professional level – for this purpose, children should be preferable engaged at least 3 times a week, both in the advanced group A and in the beginners group B. It's also better for the health of children, for their physical and creative development.

5) Payment system for summer months:

- **June** – regular schedule and payment
- **July** – regular schedule and payment for the part of the month before our summer intensive programs.
- In the **second half of July** - our annual intensive summer ballet program in The Hague (in Olomouc, Czech Republic - optionally).
- ***For students who are studying for at least six months – special discount -50% for our summer intensives. For other students – payment of the summer program with a smaller discount is possible by agreement.
- **August** – month of our vacations, payments only for the part of the month (if we start at the end of the month).

6) The price of individual lessons:

Private lessons	Costs per hour
Normal price	80 Euro
Students of our ballet academy (who paid the administration fee)	70 Euro

***** It's possible to share individual lesson between 2 students, then the payment will be also shared.**

Payment for individual lessons should be made to the account of Anna Pavlova Foundation and is added to the bill for the next month or is sent as a separate invoice (for students of our Academy).
